**2025 SPRING BULK ORDER**  
Order Deadline – March 1, 2025

Order Online <https://bulkorderstore.nofanh.org/>

NOFA-NH's annual Spring Bulk Order is a collective buying program for organic farming and gardening supplies. Small-scale gardeners and large-scale farmers can participate.\* There are many items to choose from and special orders are accepted. No minimum purchase required. No shipping charges.

\*Although NOFA-NH membership is not required to participate in the Bulk Order program, non-members will add 10% to their order.

Buying through this program helps to support NOFA-NH's educational programs and advocacy work throughout the year.

## **About NOFA-NH**

The Northeast Organic Farming Association of New Hampshire (NOFA-NH) is a 501(c)3 non-profit organization dedicated to building a community of organic food activists and educated consumers to help support New Hampshire's local organic farming community. We feel that organic farming is important to creating a sustainable future and recognize that more resources and greater education is needed to help farmers, gardeners, and consumers learn to work together to build a support network.

NOFA-NH recognizes that farmers, gardeners, and consumers of organic products share a "community of interests:" a common need to grow and consume safe, healthy, nutritious, great-tasting food; and a common interest in preserving a healthy environment that nurtures all of us. In an age of industrial agriculture, we're working to re-establish a shared sense of pride and participation in a community-based food system that links local farmers with local consumers and rewards them both equally.
